### TAKING DECISIVE ACTION

*Association of Certified Fraud Examiners, South Africa (ACFE SA) presents:*

#### *15<sup>th</sup> Annual ACFE Africa Conference & Exhibition*

For Immediate Release | 24 March 2022

The Association of Certified Fraud Examiners is the largest anti-fraud organisation in the world with more than 190 chapters across the globe who have one goal in mind: **Reducing Fraud Worldwide**.

The South African Chapter is hosting their 15<sup>th</sup> annual anti-fraud conference online from 12-14 September 2022. This conference is recognised as the largest anti-fraud event in Africa, and the second largest in the world due to its influential, impressive, impressionable and relevant nature.

The ACFE Africa conference prides itself on the speaker line-up they put together when compiling the programme. The speakers selected to present at the conference are experts in their field and are exemplary figures in society and the anti-fraud industry. One such speaker, who they are happy to announce will be a **keynote speaker at this year's conference, is Pravin Gordhan**.

It has recently been announced that Gordhan will be speaking at the virtual conference on 12 September – the opening day of the Conference – and will address the topic, ‘Does the Current Political Landscape Create Opportunities to Fight or Commit Fraud?’.

Day two of the conference will not be playing second fiddle with **Prof. Patrick Lumumba opening this day** with his **keynote address** on the topic, ‘Africa is exploited/crippled by first world countries for their riches which goes hand-in-hand with corruption. When is enough, enough?’.

**With more than 1000 attendees, the goal of the conference is to:**

- create anti-fraud awareness in South Africa, Africa and the world;
- invite expert speakers to share knowledge with delegates;
- equip attendees with not only knowledge but skills and techniques that they can use to combat fraud;
