

PRESS RELEASE – 27 MARCH 2019

Memorandum of Understanding (MoU) signed between ACFE SA and ACFE Madagascar

RE: THE ACFE IS SPREADING ITS FOOTPRINT FURTHER IN AFRICA

The ACFE SA and ACFE Madagascar have signed an MoU on 27th of March 2019, The CEO of ACFE SA, Jaco de Jager, described this as a ripple effect from conversations between the ACFE SA and other countries.

In the past few years, the African countries have been eagerly assisting the ACFE SA in fighting fraud in their respective countries, and we continue growing in creating awareness on the importance of what the ACFE stands for.

We believe that this new venture will lead to the creation of more awareness about fraud together with an increase in skills development and professionalisation in Madagascar.

The role of ACFE Madagascar is tasked to service members by providing training, ensuring that the international professional standards are met, and providing a networking platform hereby protecting the integrity of the forensic/fraud examiner's profession and public interest.

ACFE SA and ACFE Madagascar believe that a coherent global approach to combating white collar crime is the most effective tool to bring down levels of corporate fraud and corruption, and generally, concretising a solid culture of good cooperative governance in business.

In conclusion, the ACFE SA and ACFE Madagascar will cooperate with each other to advance each of their efforts, in their respective countries, in ensuring that Africa adopts international standards for forensic/fraud practitioners in their fight to combat white-collar crime.
